

ACUTA announces the release of ACUTA PDF Tools™ version 3.0.0

Marlborough MA – February 2, 2015 – ACUTA, a leading cloud based solution provider to the life sciences industry, today announced the release of ACUTA PDF Tools v3.0.0.

Exclusively designed for the Life Sciences and related industries, ACUTA PDF Tools will help users prepare and publish PDF files very efficiently. ACUTA PDF Tools eliminates tedious manual processes and offers significant savings in time and cost involved in preparing PDF documents for regulatory submissions to any agency in the world in any dossier format (eCTD, Nees or just PDF submission).

“ACUTA’s goal is to offer the next generation solutions to enable companies of all sizes to adhere to strict standards set by regulatory authorities around the world and help them prepare their PDF documents with ease and assurance of compliance” said Shy Kumar, ACUTA’s Founder, President and CEO. “With this release we are very proud to announce that users in the industry have a very sophisticated, intelligent and easy to use set of tools to publish their PDF files. ACUTA PDF Tools have unique features that users have been requesting for many years!”

ACUTA PDF Tools is a collection of unique tools specifically designed for the Life Science industry. Each tool (wizard) addresses a specific need following agency and industry standards and requirements. The main purpose of these wizards are to assist users during the PDF production process. The user interface, speed and built-in intelligence make ACUTA PDF Tools the most efficient and powerful available in the industry.
